To whomsoever it may concern,

I am pleased to write this letter of recommendation for **Vishu Narula**, who completed his internship as a *Front-End Web Developer* at HK Technical for 8 weeks, ending on March 18, 2025. During his internship, Vishu exhibited exceptional skills in **HTML, CSS, JavaScript, responsiveness, and UI/UX design** while contributing to multiple web development projects.

Vishu played a key role in designing and enhancing various website templates, landing pages, and email templates, ensuring their responsiveness and user-friendly interface. He also worked on improving dashboard UI/UX and structuring front-end implementations, demonstrating creativity, problem-solving, and attention to detail.

His dedication, adaptability, and ability to collaborate effectively with the team made him a valuable asset during his time with us. I am confident that his technical proficiency and work ethic will make him a great addition to any organization.
